

# Desktop virtual machine in Azure

B.Bharani kumar |INT00875

1st you Select windows then click RDP

Desktop virtual machine windows

After creating desktop virtual machine its shows look like this > Delete

The screenshot shows the Microsoft Azure portal interface. The browser address bar displays the URL: `portal.azure.com/#view/HubsExtension/BrowseResource/resourceType/Microsoft.Compute%2FVirtualMachines`. The page title is "Virtual machines" under the "Default Directory (bharanik891gmail.onmicrosoft.com)".

Navigation and action buttons include: Create, Switch to classic, Reservations, Manage view, Refresh, Export to CSV, Open query, Assign tags, Start, Restart, Stop, and a menu icon.

Filtering options are shown: "Filter for any field...", "Subscription equals all", "Type equals all", "Resource group equals all", "Location equals all", and an "Add filter" button.

Summary: "Showing 1 to 1 of 1 records." with "No grouping" and "List view" options.

Name	Type	Subscription	Resource group	Location	Status	Operating system	Size
desktop	Virtual machine	Free Trial	kumarb	North Europe	Running	Windows	Standard_B1s

Below the table, there are pagination controls: "< Previous", "Page 1 of 1", and "Next >". A "Give feedback" link is also present.

At the bottom, there is a taskbar with three RDP connections: "desktop (2).rdp", "desktop.rdp", and "desktop (1).rdp". The Windows taskbar at the very bottom shows the search bar, taskbar icons, and system tray with the date "3/1/2023".
